

# Parts Finder

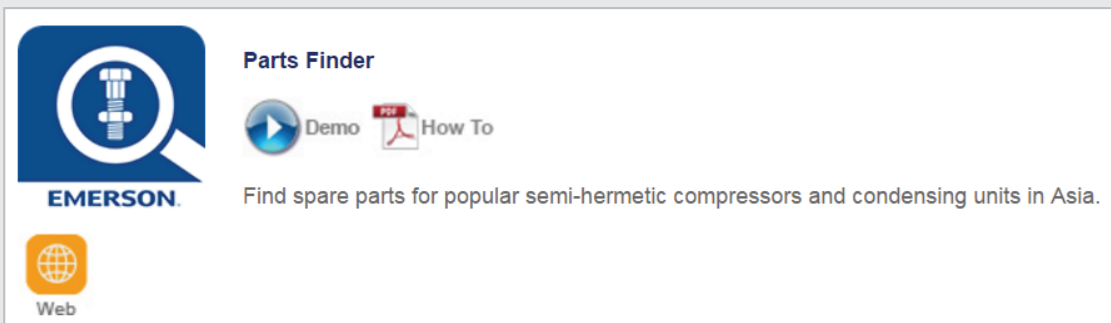

## User guide

This web-based tool gives you access to thousands of spare parts and drawings for various semi-hermetic compressors popular in Asia. It includes all Shenyang-made compressors, Fusion compressors, Stream compressors, US legacy and Discus II compressors. With options to print and e-mail results, finding spare parts has never been this simple!

1

Open **Parts Finder** application.

2

On the Disclaimer, select '**CLICK TO CONTINUE**'.

3

Step 1 allows you to search for parts by entering any of the following: Compressor Model, US Part Number, or Europe Part Number.

**Step 1:** Enter Compressor/Condensing Unit Model or Part Number.

Compressor/Condensing Unit Model:	<input type="text"/>	<input type="button" value="GO"/>
US Part Number:	<input type="text"/>	
Europe Part Number:	<input type="text"/>	

# 4

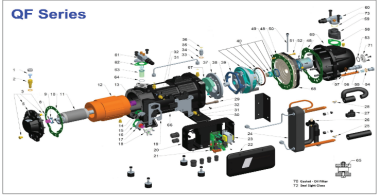

## Compressor Model

4.1 Enter the compressor model in the field provided. The field has an auto-complete drop down function as well. You can select the compressor model you want from the drop down list. Click on 'GO'.

4.2 Step 2 lets you search for spare parts in two ways. These are through 'Exploded View' or 'View Parts List'.

Step 2:  
Compressor/Condensing Unit Model: QF115AE

Exploded View

View Parts List

Reference No.	US Part Number	Europe Part Number	Description	Recommended Quantity
1	585-0246-00		Electronic Group-Pressure Diff Sensor	1
2	085-0170-00	3110784	OPS SENSOR WITH GASKETS	1
3	505-1122-00		Cover-Lower Asm	1
5	005-1390-00		Cover-Lower	1
8	035-0505-00		Bearing-Lower	1
9	102-0222-00		Washer-Lower Cover	1
10	020-1424-00		Gasket-Lower Cover	1
11	507-0279-01		Shaft & Rotor Asm	1
12	046-2110-01		Stator Asm - 3ph	1
13	035-0504-02		Main Bearing	1
14	020-1420-00		Gasket-Terminal Plate (2 Pin)	1

4.3 Exploded View

4.3.1 Click on 'Exploded View'.

4.3.2 You can print out the drawing (pdf, excel) or send it through e-mail.

4.3.3 Hover the cursor over the reference numbers in the drawing to view details of the different parts of that compressor model.

4.3.4 Click on the reference number that you want. Enter the 'Order Quantity' you need. Click on 'Add to Cart'.

Reference No. 61

US Part Number: 510-0711-00

Europe Part Number:

Description: Valve-Suction

Recommended Quantity: 1

Order Quantity:

Add to Cart

### 4.4 View Parts List

Reference No.	US Part No.	Europe Part No.	Description	Recommended Quantity	Order Quantity
1	585-0246-00		Electronic Group-Pressure Diff Sensor	1	<input type="checkbox"/>
2	085-0170-00	3110784	OPS SENSOR WITH GASKETS	1	<input type="checkbox"/>
3	505-1122-00		Cover -Lower Assm	1	<input type="checkbox"/>
5	005-1390-00		Cover-Lower	1	<input type="checkbox"/>
8	035-0505-00		Bearing-Lower	1	<input type="checkbox"/>
9	102-0322-00		Washer-Lower Cover	1	<input type="checkbox"/>

- 4.4.1 Click on 'View Parts List'.
- 4.4.2 You can print out the whole parts list (pdf, excel) or send it through e-mail.
- 4.4.3 Click on the checkbox corresponding to the part that you want. Enter the 'Order Quantity' you need. Click on 'Add to Cart'.
- 4.4.4 Click on 'OK'.

# 5 US Part Number/Europe Part Number

5.1 Enter the US part number in the field provided. The field has an auto-complete drop down function as well. You can select the US part number you want from the drop down list. Click on 'GO'.

5.2 Step 2 will show you where the US part number you entered is used. Click on 'Add to Cart'.

Model No.	Reference No.	Recommended Qty.
2SCW-0550(E)	78	1
2SKW-0750(E)	78	1

5.3 Click on 'OK'.

# 6 View Cart

6.1 Click on 'View Cart' to get a summary of the item(s) you selected. This is shown on the Cart List. You can edit the selection(s) made and add items into the Cart List.

Model No.	Reference No.	US Part No.	Europe Part No.	Part Description	Recommended Quantity	Order Quantity
QF115AE	17	521-0325-00		Terminal-Fused Cluster (3 Pin)	1	1

6.2 You can print out the Cart List (pdf, excel) or send it through e-mail.
